The Honorable Jess Larson  
Administrator  
General Services Administration  
Washington, D. C.

Dear Mr. Larson:

Reference is made to your letter of 11 February requesting review and comment by 31 March of your proposed regulation on the subject of "Late Bids - Care and Handling of Bids" which was enclosed. This Agency has no recommendations for any change.

Although Section 502(a)17 of Public Law 152, 81st Congress, as amended, exempts CIA generally from the provisions of that Law, we will continue to observe its provisions to the fullest extent possible within essential operational limitations.

25X1A Sincerely,

  
Acting Deputy Director  
(Administration)
